

Commencement Participation

There is an expectation that all full-time faculty and professional staff participate in the College Commencement ceremony annually. Inability to participate in any given year must receive advance approval in writing from the appropriate Vice President. Approval should be obtained prior to the deadline for ordering regalia. Employees who own regalia are encouraged to wear their own regalia in lieu of renting through the college. Failure to obtain permission prior to ordering of regalia can result in employee being charged for the cost of regalia, if cost has been incurred by the College.
